Game Narrative, Branching narrative,
Writing for children, Storyboarding

I'm a multimedia artist and designer with a focus on user experience and narrative design. Being a fast learner, I can easily adapt to new things.

Work

Layout Artist, CLEOS Studios
2018-Current

Worked on a four-year long project under the mentorship of Fred Seibert as Lead Concept Artist and Matte Painter.

Created the look and feel for original and commercial 2D animations as part of the core team.

Assisted in creating pitch decks for three original short films and successfully pitched them to major production houses.

Introduced and taught new technologies to make our animation pipeline more efficient.

Worked closely with local African-American and latinX businesses such as the Classical Theatre of Harlem to create original content for the community.

Freelance Creative Technologist
2021

Designed a custom CMS using Airtable for a private quote-blog.

Created the visual identity and stream decks for Virtual Twitch streamers.

Worked on an installation and audio-reactive animations for a live show with 'RaYDeO'.

Freelance Video Artist
2019 - Current

Worked on three animated music videos.

Programmed and designed around ten unique music visualizers for video and performance.

Edited short-form content for Youtube and Instagram Reels.

Parsons x Brigaid Collab
2020

Co-created a custom user experience for American school lunches, as per the specific needs of Chef Dan Giusti from Brigaid.
